

9-3-7
GRANULAR
ORGANIC FERTILIZER

Aminorganix granular fertilizer feeds turf or plants continuously, formulated with seven nitrogen sources, seven phosphorus and seven potassium sources to provide feeding that can last for more than three months. Calcium, sulfur and essential micro and macro ingredients enhance performance for optimum growth. 9-3-7 is organic and it stays in the root zone longer than synthetics using its unique cation and thixotropic properties to provide nutrients uniformly.

FULL NUTRITION PROGRAM

Feeding the bacteria, mycorrhizae and other beneficial microorganisms is key to nutrient utilization. 9-3-7 enhances the symbiotic relationship with the plant while attracting and feeding billions of CFU's of beneficial microorganisms and mycorrhizae, increasing root mass and strengthening all plants throughout the growing season.

CONTINUOUS FEEDING FOR 110-150 DAYS

Seven nitrogen sources and our unique cation and thixotropic properties provide continuous feeding for months that improves in color and growth uniformity year after year. This is the scientific approach to continuous nutrition, stimulating the natural biological processes in your soil to help produce healthy plants. Healthy plants will be better able to resist disease, force out weeds and thrive.

Residual nitrogen in the soil from the seasonal feeding and the environmental nitrogen provided by exhaust emissions, microorganisms, root growth, worm castings, lightning and other sources.

9-3-7 GRANULAR ORGANIC FERTILIZER

PRODUCED IN FDA FEED GRADE FACILITIES

Manufactured in FDA facility from feed grade ingredients.

People and animals can walk and work immediately where applied.

Note: Not intended for human consumption.

SUSTAINABLE

All nitrogen derived from organic sustainable sources.

GUARANTEED ANALYSIS

Total Nitrogen (N)	9.00%
9.00% Water Insoluble Nitrogen*	
Available Phosphate (P ₂ O ₅)	3.00%
Soluble Potash (K ₂ O)	7.00%
Calcium (Ca)	2.80%
Total Magnesium (Mg)	0.30%
0.18% Water Soluble Magnesium	
Sulfur (S)	4.10%
3.40% Combined Sulfur (S)	
0.70% Free Sulfur (S)	
Boron (B)	0.02%
Cobalt (Co)	0.0005%
Iron (Fe)	1.25%
1.25% Water Soluble Iron	
Total Manganese (Mn)	0.30%
0.08% Water Soluble Manganese	
Molybdenum (Mo)	0.0005%
Zinc (Zn)	0.10%

Ingredients:

Hydrolyzed poultry feather meal, poultry meal, wheat midds, soybean meal, corn gluten meal, alfalfa meal, molasses, sulphate of potash, dolomitic limestone, elemental sulfur, cobalt sulfate, iron sulfate, manganese sulfate, zinc sulfate, sodium borate, sodium molybdate.
